

HOW?

Let's speak one
or several language(s)
which we master,

without mixing,

to encourage,

to congratulate,

to teach children
speak and share your
languages ...

"Languages are
like sunbeams.

The more they are,
the brighter
the light is.

The brighter
the light is,
the stronger
our languages are."

Ropati

LET'S SPEAK OUR LANGUAGES!

WHY?

To communicate,

To preserve and hand on our linguistic heritage to the future generations,

To pass on the values conveyed through languages,

To enjoy the experience of the linguistic diversity.

WHEN?

Every day ...

When fishing,
At meal time,
During sports,
When playing,
When watching the news on television,
At bedtime stories ...

WHERE?

Everywhere ...

At home,
At the store,
At the market ...
